## READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

### Wanted His Mother Crucified.

Recommending that his aged mother be crucified and then burned by a slow fire is the manner in which one of the sons of Mrs. Olivina Either, 86 years old, would forever settle the question of the woman's support.

This story was told in the Long Island City N. Y., Police Court yesterday morning by Miss Emily and Miss Rose Des Jardins, granddaughters of the aged woman, who were in court to assist in prosecuting their uncle, Fred Either, who was arrested about a week ago, charged with failing to contribute to his mother's support.

The Des Jardins live in Astoria, where Mrs. Either, who is Mrs. Des Jardins' mother, makes her home.

There are nine children in the family. Mrs. Either is helpless, and her keep makes considerable inroads on the family income. In addition to her daughter, she has two sons in Manhattan, Frederick, who owns two hansom cabs, and Edward is said to be in business for himself.

About a year ago, feeling that the sons should contribute to the support of their mother, Mrs. Des Jardins had Frederick summoned to court, and he was placed under bonds to give his mother a stipulated sum each week. The payments were forth-coming for sometime, when the bond was discontinued, and the payments also stopped. Repeated efforts to get him resume the payments failed. His sister, Mrs. Des Jardins, swore out a warrant, charging him with being a disorderly person, which is the technical charge in a case of this kind, and he was arrested. As there is a considerable amount due on the former ruling of the court, Either was locked up in the Queens county jail to await a hearing, and also until he paid up his arrearages. A warrant was also issued for the arrest of the other son, Edward, but he has not yet been found.

"When spoken to about contributing to the support of his mother," said Miss Emily Des Jardine to the court, "one of my uncles said: 'Oh, why don't you crucify the old hag, the same as our Lord was crucified. She ought to be nailed to a cross and a fire built under her. That's the way to support that old witch. I'd fix her.'"

The name of the uncle who made this remark was given to the court by the young woman, and he may later be called to answer for his words. The hearing in court yesterday was adjourned.

### Negro Charged with Assault.

John Joseph Chase, a negro, about twenty-one years old, was arrested a little after 1 o'clock yesterday morning at a dance near Landover, Prince George's county, Md., and is now in jail at Upper Marlboro charged with attempting to criminally assault Miss Elizabeth Wybenger, of Columbia Park. Miss Wybenger is an attractive blonde, sixteen years old, and is of unusal statue for one of her age.

Chase was brought to Hyattsville early yesterday morning by Deputy Sheriff R. H. Vincent and placed in the lockup. Later, Miss Wybenger came to Hyattsville, and as soon as the girl saw the negro she declared he was the man who attempted the assault. She stated that she would swear he was the man by the peculiarity of his voice alone, and that he wore the same clothes he had on when he attacked her. On Miss Wybenger's identification of Chase, Justice Carr held him for the action of the grand jury in the sum of $1,000.

Chase denies any knowledge of the charge, and declares he was not in the vicinity of the place where it occurred. To Officer Vincent he told conflicting stories about his whereabouts on that day.

The attempted assault took place Monday morning on Columbia road, a short distance from Miss Wybenger's home. She was on her way to Tuxedo, where she is employed.

### Tillman Opposes Government Ownership

That the South would never agree to the nomination of William Jennings Bryan on a platform containing government ownership of railroads was the declaration at Sioux City, Iowa, in an interview of Senator Tillman, of South Carolina, yesterday.

"In the South are to be found the only true Americans," he said, "and we are democrats down there, too. We believe in a government by individuals and not in paternalism. We are not ready to admit the railroads cannot be regulated, and we are not ready to see appraisers transform them into a huge political machine. In the hands of the government, the railroads would be used for punishment of hostile territory. Discriminations would be without number. You northerners must send down to South Carolina for some true seed of Americanism. In Illinois all I found was Petrovskys, Brodskys, and whiskies."

Of the railroad rate law, Senator Tillman said it was never the intention of Congress to prohibit exchange of transportation for advertising. However, he was glad this had been done, as he said it would free the press all over the country from subserviency to the railroads.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, SEPT. 20, 1906.

IN SPITE of the discouragements of the spirit of militarism, the question of international disarmament still occupies the public mind in Europe. It is probable that in harmony with the resolution of the British House of Commons last May the next Hague Conference will endeavor to formulate a plan for gradual reduction of army and navy establishments that will be acceptable to the nations. By reducing military expenditures without in the least endangering national safety the growing deficit in the treasuries of several nations would be converted into a large surplus that could be devoted to public improvements and other peaceful objects. The English masses would also be relieved of a heavy burden of taxation by this international policy of which mutual jealousies have hitherto prevented the adoption.

REPORTS of the loss of life and devastation caused by the terrible typhoon in Hong Kong are still coming in. They show that the fatalities were at first underestimated and that at least 5,000 persons perished, while the damage will reach $20,000,000. There was a hurricane in the same place last night which added considerably to the distress occasioned by the previous convulsion of nature. Famine, the natural accompaniment of such disasters, is augumenting the misery of many celestials, and internecine troubles are anticipated. China is often distressed by typhoons, hurricanes, tidal waves, &c., but the visitation this week is one of the most serious on record.

THE STUDENTS' body of the University of Virginia held a mass meeting Monday night for the purpose of arousing enthusiasm in college life, and especially in athletics. The meeting was presided over by the captain of a football team. Several speakers begged the students to come out for football and help construct a good, representative team, by making it do hard practice. What's the matter with the students resolving to apply themselves to their studies and endeavor to become intelligent and useful citizens?

REPUBLICAN papers are remarking that the democrats are greatly disappointed because there has not yet been any "reckless militarism" in the President's course toward Cuba. Well, eleven men-of-war are in Cuban waters now; the Secretary of War is there, and General Funston is there or on his way, and the episode has just begun. What this country has to do with the efforts of the people of Cuba to turn out their President is hard to tell.

A DISPATCH from Bordentown, N. J., says that Stephen Birdsall, a farmer, 58 years old, living near Georgetown, committed suicide by hanging himself by winding one end of a rope around his neck and the other end around a tall cornstalk in a field at his home yesterday. This beats the story about the whip-po-wils singing in daylight in a corn field in Virginia where the corn was so high that it obscured the light of the sun, causing the bird to believe it was night.

PRESIDENT PALMA declares that if, as a result of compromise with the insurgents, even partially new elections are ordered, he will resign the presidency. This is the best course he could possibly pursue. He could then go back to New York where he remained during the entire time of the Cuban revolution against Spain and where he was perfectly safe against Spanish bullets. Palma is a selfish adventurer—not a patriot.

IT IS REPORTED that a gentleman from Lynchburg will oppose the re-election of Senator Daniel three years hence because the latter opposes Mr. Bryan's ideas of government ownership of railroads. If Senator Daniel is unopposed save on this issue he will remain in the Senate the remainder of his life, for he certainly has a large majority of the people of Virginia at his back in his ideas concerning such ownership.

IN THE answer of a man to his wife's petition for a divorce filed in the District of Columbia Supreme Court yesterday he declares that during the entire 15 years of their married life that his wife never sewed a button on his clothes and never mended a sock. Of course this is enough to drive a man to drink but if such negligences are to be made the ground for divorce suits the courts will be kept busy.

THE assistant superintendent of ferries, of New York, was suspended on Tuesday for stopping municipal ferryboats while employes voted in the primaries on Monday. This is another instance of municipal ownership. Had these boats been owned by private corporations there would have been no such stoppage and consequent inconvenience to the travelling public.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 20.

Final steps looking toward the enforcement of the meat inspection law in regard to the proper labeling of meats was taken today by the issuance of instructions to inspectors by the Department of Agriculture. Everything is now ready for October 1, when the law goes into effect. The instructions were drawn with regard for the tentative rulings of the Pure Food Commission, now drafting a set of regulations to become effective January 1. An attempt has been made to prevent conflicts between the two laws. The essential features of the new labels will be the true name of the product, the true name of the manufacturer, if given, and the true name of the place of manufacture, if given. Permission is given to use labels now on hand until January 1, provided that a sticker approved by the department is firmly "affixt" to the package in connection with the label used. No picture, design or device which gives any false indication of the origin or quality shall be used upon any label. "Virginia Ham," not produced in Virginia, must be marked "Virginia Style Ham." This sounds the knell of "Frankfurter sausages" as hereafter those made in America must be eaten under the name of "Frankfurter Style Sausages."

Proposals for furnishing Chinese laborers for work on the Panama canal were opened at the office of the Isthmian Canal Commission this morning. There were four firms entered in the competition. On account of the complicated nature of their proposals it is improbable that any decision will be reached or any contract let for a week or two. The commission called for proposals for furnishing 2,500 laborers with the privilege of requiring the contractor to furnish a maximum number of 15,000. The first 2,500 are to be delivered on the isthmus within three-and-a-half months from the date of the award of the contract. Bonds for the proper performance of the contract, good treatment of the Chinese coolies, and their return to China at the conclusion of their term of engagement were required of each contractor. The American China Constructing Company proposed to furnish Chinese laborers at 10 cents gold per hour for each working day of ten hours, foremen and interpreters at 20 cents per hour, cooks and barbers at 15 cents and doctors at 40 cents. The International Contracting Co. of Washington, D. C., proposed to furnish laborers and cooks at 13 cents per hour, foremen one and a half times that, interpreters two and a half times that, doctors three times and assistant doctors twice that amount. Wah Me Lee Hing and Co., of Baltimore, proposed to furnish laborers, clerks and barbers at 12 and a half cents, foremen and interpreters at 15 cents and doctors at 25 cents. Joel Julian Reuben, of Washington, D. C., proposed to furnish the first 2,500 laborers at the following rates: Laborers 11 cents per hour; foremen 40 cents; doctors and interpreters 60 cents; cooks and barbers 30 cents.

Brig. Gen. Funston arrived in Washington this morning from the west, and will start for Cuba Saturday night to join Secretary Taft. For several hours this afternoon he was occupied in the office of the Chief of Staff going over the tentative plans of the General Staff for the military occupation of Cuba. Besides Funston, Brigadier General J. Franklin Bell, Chief of Staff; Colonel Wotherspoon, Chief of the Third Division of the General Staff, and Col. Pond, acting Quartermaster General of the army, were present at the conference. Matters of equipment, transportation and supply which have been carefully worked out by the third division of the General Staff, were explained to General Funston by General Bell and Colonel Wotherspoon. The exact numerical strength of that portion of the army selected for service in Cuba, if necessary, was disclosed to General Funston, as well as the names of the organizations that will be assigned for duty there. No news of any importance was received today by either the State or the Navy Department from Cuba.

The Controller of the Currency announces that the Bates National Bank, of Butler, Mo., was closed today by action of the board of directors, for the purpose of going into liquidation. W. J. The plan of Senor Frederico Velasquez, the Minister of Finance and Commerce of the Republic of Santo Domingo, for the payment of all the foreign indebtedness of his country, meets with the approval of the State Department. It is said at the State Department that the success of the plan depends absolutely upon the ratification by the U. S. Senate of a new treaty with Santo Domingo, which is to be submitted to the Senate first session of Congress and which will be practically identical with the old treaty, with the objectionable features eliminated. According to the State Department the reason the pending Santo Domingo treaty has never been ratified is that it makes the United States the agent of the Dominican Government in the adjustment and payment of all the foreign indebtedness of that country.

Urbach alleges that he had the jewelry in a wallet under his pillow and slept so soundly that he was not awakened when the wallet was stolen. Judge Hough held Urbach in $10,000 bail. Only on Monday a petition in bankruptcy was filed against Urbach.

### Killed Two Men.

After following A. L. Herman across half the continent, and finally locating him in Brison, Raleigh county, N. C., in an effort to arrest him for the murder of Jerry Davis, Frank and Kenner Finley, the former of whom was Herman's brother-in-law, was shot and instantly killed Tuesday night at Herman's home, near Brison.

Herman was for years a resident of Martin, Ky. One year ago Sunday he shot and killed Jerry Davis during a quarrel over a woman at a dance at Martin.

He immediately disappeared and the authorities finally gave up the pursuit, but the brother-in-law of the murderer and a relative of the victim finally secured a clew as to Herman's location in Utah. Inducing his brother to accompany him, they began a search for him.

After traveling over a number of States they finally located Herman at Brison, Raleigh county, and, assuming disguises, went to board with him. Tuesday night they attempted to arrest and handcuff him, but he pulled a revolver and shot Frank Finley through the head and Kenner through the heart, killing both men instantly. He disappeared, and so far no trace of him has been discovered.

### Accident to Automobile.

Caught between two street cars at Broadway and Thirty-first street, New York, last night, an automobile touring car, owned by John H. Springer, lessee of the Grand Opera House, and occupied by himself and family, was ground to pieces, while the occupants marvelously escaped without serious injuries. Mr. Springer suffered most, being painfully bruised, while Mrs. Springer, a son, John H., jr., and daughter, Gladys, and the chauffeur, though they received some bruises, suffered more from shock.

Mr. Springer was driving his car across the tracks when it was struck by a north-bound car and thrown against a south-bound, which was passing. In a moment the machine doubled up and its occupants found themselves on top of the wreckage and pinned between the cars which had been brought to an abrupt stop.

Gasoline from the broken tank of the machine caught fire, and witnesses of the accident, who believed the Springers were about to be burned to death, made frantic efforts to release them. Once free from the wreckage, they were tumbled into an ambulance and hurried to a hospital before they could persuade themselves or their rescuers that they were not fatally injured.

### ANOTHER HURRICANE IN HONG KONG.

Hong Kong, Sept. 20.—Hong Kong was visited by another hurricane which raged from midnight until daylight. Considerable damage was caused by the storm, but nothing to compare with the havoc of Tuesday's disaster. The greatest inconvenience was caused to the thousands left homeless by the typhoon.

Five thousand is still given as the estimate of dead in the typhoon. Estimates as to the property loss vary from $2,000,000 to $20,000,000.

Every hour of investigation of the extent of the disaster wrought by the typhoon which struck this city on Tuesday shows that the storm's ravages were much more extensive than at first supposed. It is now known that instead of being confined merely to the harbor, shore and the island of Hong Kong, the typhoon swept the coast for a considerable distance, and wrought untold loss. Estimates give the total dead at about 5,000.

Great fears are entertained today that the large fleet of fishing vessels known to be ouside the harbor when the typhoon struck has been totally destroyed. If this is the case, then hundreds of lives hitherto not included in the estimates of dead have been lost.

It is two days since the disaster occurred, yet no word has come from the fishing boats. The only construction which is placed on this significant silence is that the boats were wrecked.

Up the Pearl river in the vicinity of Canton the typhoon caused a great deal of damage, details of which are just beginning to be reported. Scores of small river craft perished in the storm. A passenger steamer which started from Canton with several hundred persons aboard has not been heard from, and its fate is unknown.

Thousands of junks, sampans and flat-bottomed river boats, which usually lin the river front at points given over to their use, were destroyed. The Chinese lived on these boats, huddled together like sheep. Knowledge that so many hundred of these boats were lost is what leads to such a high estimate of deaths being made. No definite list of casualities among the Chinese can ever be compiled. Hundreds of unknown persons were drowned in the sinking of their house boats or junks.

Among the Europeans in Hong Kong, the loss of life does not appear to be as heavy as was at first expected. Governor Sir Matthew Nathan yesterday cabled the British government his belief that only six Europeans had been killed. He has not changed his estimate.

Scores of Chinese boatmen lost their lives by being crushed beneath the little vessels when they were lifted from the water by the wind and dropped on shore. Many junks and sampans thus picked up by the typhoon were hurled through houses on the land, killing or injuring many of the inmates.

An investigation of the observatory is probable, because no notice was given of the typhoon. The observatory had predicted moderate winds. Half an hour after the gun signal had been fired the storm was at its height.

Launches which have made the circuit of the harbor report the shore is lined everywhere with the wreckage of boats driven ashore and ruined houses.

Small steamers which have made short excursions up the river or along the mainland make similar reports.

Hong Kong, Sept. 20.—Coming as a climax to the typhoon of Tuesday which wrought such destruction before it has been possible to prepare the city to face another such storm, another hurricane swept Hong Kong, and vicinity today, visiting fresh calamity upon the wretched victims of the former catastrophe and leaving a fresh trail of havoc in its wake.

The storm struck the city with terrific force about midnight and continued with unabated fury until after daylight. It is impossible to give an estimate of the number of persons killed, but it is now known that many persons lost their lives. Untold damade was caused, adding to the total loss caused by the typhoon.

Hundreds of buildings, weakened by the typhoon, fell during today's hurricance. Many Chinese, hurrying through the streets to seek safety, were caught by flying fragments and killed or injured. Considerable loss of life was caused by the collapse of damaged buildings on the wharves and along the water front where Chinese were rendered homeless by the former storm had sought temporary shelter.

This second storm coming so close after the typhoon, has thrown the residents into a state of panic. They do not know when another storm may come and have been driven to desperation by the fear that other hurricans may occur.

Chinese superstition is adding to the furor. There is a belief among many of the natives that Hong Kong is doomed to destruction and hundreds are seeking to leave the island.

Coming in the middle of the night, the hurricane did little damage upon the water. Its ravages were fiercest in the native quarters along the water front. There were few junks or sampans to be damaged, as they were lost in the previous disaster.

Just how much damage or how many lives were lost, in the second storm can never be told as the debris from the typhoon had not been removed and the wreckage of both hurricanes is piled together. Under this debris are hundreds of bodies, which have not been removed.

### The Wrecking of the Scotch Express.

London, Sept. 20.—Ten persons killed and sixteen injured is the latest estimate given of the casualties in the wreck last night of the Scotch Express on the Great Northern Railway, near Grantham. It is believed, however, that the list is certain to be increased as opportunity is given to search the ruins. The locomotive and several coaches were flashed over an embankment, the engine being overturned. Fire broke out in the wreckage. Many of the passengers taken from the wreck were horribly burned. As in the recent Salisbury disaster, the accident occurred on a curve. The train should have stopped at Grantham, but failed to do so. When it struck the curve outside the city it went over the embankment. It is believed the brakes failed to work.

### A Narrow Escape.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

### Conditions in Cuba.

Havana, Sept. 20.—That the settlement of the Cuban trouble will be a more serious matter than was at first anticipated by Secretaries Taft and Bacon is now acknowledged by the American commissioners, as well as by all persons in a position to know inside conditions.

Secretary Taft who made his first day of conferences with representatives of of opposing factions, admitted that the ten days he first thought would be necessary to effect an adjustment would probably be not sufficient for the purpose. His hope of eventually finding a way out of the difficulties presented to him is found in the spirit manifested by both sides which he said is satisfactory.

The real difficulty in reaching an agreement will develop of the multitudinous interests to be conciliated. Every man in Cuba, practically, is a politician and all think they have interests, some patriotic, mostly personal and selfish, to be heard.

Many persons today openly say it will probably require a flourish or two of the "big stick," before all the politicians will be ready to see that they have no alternative but to be satisfied.

In President Palma's declaration that he will resign if new elections are ordered many persons think they see the ultimate outcome of the negotiations. There is little doubt that if close scrutiny is directed by the American commissioners upon the last elections that enough evidence of fraud and direct intimidation by the government to warrant them in setting aside the elections will be found. If new elections are ordered and Palma sticks by his declaration to retire, the insurgents would probably be willing to compromise on other questions in favor of the moderates.

Moderates, on the other hand, will hardly agree to another election and Palma's retirement. But there are growing evidences that the moderates are far from being in majority in the country.

Hundreds have joined the insurgent armies since the armistice was declared as a protest against the administration. The liberals contend that the Americans have only to look about them to see that they and not Palma's party are in the majority.

### New York Democrats.

New York, Sept. 20.—It was stated in these dispatches yesterday morning, that the most dangerous rock ahead of the Hearst candidacy for Governor was that the Independence League would irritate the regularity nerve of the party democrats. This development occurred late yesterday when Norman E. Mack, of Buffalo, national committeeman from the State of New York, turned on Hearst because of his being a candidate of another party and put forward Mayor Adam, of Buffalo, for the democratic nomination for Governor.

While this action of Mack's makes the issue more uncertain, New York politicians do no draw any definite conclusion from it. The World this morning estimates that Hearst has 141 delegates pledged, while he needs 126 votes to secure him the democratic nomination. The 105 votes controlled by Tammany Hall are not contained in the estimates of 141. Murphy claims that the unit rule will prevail, and that he can cast the whole 105. Should he cast this number for Hearst, the editor candidate would have 224, or 20 votes more than enough. Should the unit rule break down, it is stated that Murphy can only control 72 votes, which would give Hearst 213, should Murphy cast them for Hearst, or less than enough to nominate. There are, however, a large number of uninstructed delegates, whose vote is not certain.

Some of Hearst's friends have been urging him to say something quick to conciliate machine democrats, but the epithet of clothing store dummy is the only contribution to date. From this it is judged that the democratic mountain is expected to come to Mahomet Hearst and that Hearst does not intend to go to the mountain.

All of which adds to expectations as to the sensational and extraordinary character of the coming Buffalo convention.

### Launching of Ships.

London, Sept. 20.—Today marks one of the greatest and most interesting events in the shipbuilding industry of the United Kingdom, for three of the largest ships in the world will take their initial plunge. The first to leave the ways will be the turbine steamer Mauretania, the largest addition to the fleet of the Cunard line. She is slightly larger than the Lusitania, of the same line, which was launched a short time ago. The Mauretania is 790 feet in length, 88 feet in breadth and 60 feet in depth. Her tonnage is 32,500, and her quadruple screws are expected to develop a speed of 25 knots an hour. She will have accommodations for 2,200 passengers and will carry a crew of 800 men. She will take the water at Wallside.

The second will be the new White Star line steamer Adriatic, which will leave the ways at the Harland & Wolff yards, at Belfast, Ireland. She is the largest of the eight-day trans-Atlantic liners and her dimensions are: Length 710 feet; beam, 75 feet, and depth, 59 feet. She is of 25,000 tons and will have a speed of 18 knots.

The first-class cruiser Shannon was launched at Chatham. She is the finest cruiser in the British navy. She is 499 feet in length is of 14,000 tons, and her engines are constructed to develop a speed of 23 knots. The Shannon's main armament will consist of six 9.2-inch guns and seven 7.5-inch guns.

### Odell's Defeat.

New York, Sept. 20.—Republican State Chairman Odell is utterly disgusted with his defeat at the New York primaries, and it is generally believed he will not take an active part at the Saratoga convention Today the contest for the republican nomination for governor seems to have narrowed down to Governor Higgins and State Senator Brackett, of Saratoga, opinion in the southern end of the state being that Higgings can have it if he wants it. What the Saratoga convention will do, therefore, is expected to be determined largley in advance of the actual convention. Gossip as to who will fill the other places on the ticket has not taken definite form.

### The Sage Will.

New York, Sept. 20.—The opening gun of the fight for a legal division of the $70,000,000 estate of the late Russel Sage was fired here today upon the arrival in this city of State Senator Edgar T. ### New York Stock Market.

New York, Sept. 20.—Everyone had a tip to buy Southern Pacific at the opening this morning and many of the traders bought this stock on points received from what they considered the best sources. The buying was aggressive enough to force the price up from 93⅜ to 95½ in the first hour. Trading in the rest of the list was confused in the first few minutes but later a strong tone developed. Reading was offered down by the room traders to 149¾ this morning because of decrease of surplus earnings, shown in annual report. Many buying orders were given out on this break and Philadelphia interests joined in taking the stock. The steel stocks were firmer.

### TELEGRAPHIC BREVITIES.

With 2,200 passengers cabin and steerage on board the big White Star line steamer Cretic has been held at the New York quarantine since last evening, when she arrived from the Mediterranean, a case of disease resembling typhus fever having been discovered among the third class passengers. The passengers were allowed to land today.

Rescued by the steamer Altain, Capt. Robinson, Mrs. Robinson and 16 members of the crew of the 15 British bark Austria, abandoned at sea, in a waterlogged condition, were landed at New York today. The Austria was bound from Gulfport, Miss., for Rio Janeiro, when she encountered a hurricane.

## Local Matters.

### Sun and Tide Table.

Sun rises tomorrow at 5:45 a. m. and sets at 6:00 p. m. High water at 9:19 a. m. and 9:42 p. m.

### Weather Probabilities.

For this section partly cloudy tonight and Friday with occasional showers; light to fresh southerly winds.

### Arrest of Alleged Thieves.

As was stated in the Gazette, Temple Houser was arrested yesterday on suspicion of stealing money from Mantis Bros. Later in the day William J. Chiskalos, who had been previously suspected of stealing $300 from Mantis Bros., was rearrested as an accomplice of Houser. Tuesday night Mantis Bros. secreted a roll containing between $50 and $60 under a bunch of bananas, but they were careful to mark several of the bills. Yesterday morning the money was gone. In the meantime Lieut. Smith and Policeman Garvey had suspected that Houser, who was employed as a driver by McCarthy & McKenney, furniture dealers, could solve the mystery, and Policemen Lyles and Jones had been keeping their eyes on the suspect. When the third robbery was reported at police headquarters yesterday morning Houser was arrested by Officers Jones and Lyles. The roll containing the marked bills was found in his pocket. Houser then made a confession and implicated Chiskalos in the robberies. Yesterday afternoon Policemen Lyles and Jones arrested Chiskalos in Jackson alley, Washington, and brought him to this city and locked him up. In Houser's room in the old City Hotel building the police found several boxes of cigars, a new revolver, a number of articles of new clothing, and a gold watch whichwas identified as theproperty of one of the Mantis brothers. Houser claims to be from Harrisburg, Pa. He has been in this city about four months.

Howser was brought before the Police Court this morning and sent on to the grand jury. Chiskalos, who is charged with stealing $300 from Mantis Bros. on the 1st instant, was committed to jail for ten days, when he will be arraigned before the Police Court. Officers Beach, Jones, Lyles and Garvey have been shadowing Chiskalos ever since the robbery, and have always been of the opinion that he stole the $300.

### Hebrew New Year Services.

The celebration of the Hebrew New Year festivities began at sunset yesterday and there were services in the synagogue on north Washington street at 7:30 last night. This marked the advent of the year 5667 of the creation of the world, by the Jewish calendar. The ceremonies by the Orthodox Jews will continue until sunset tomorrow, while those of the Reformed Jews will close at sunset this evening. New Year's Day marks the beginning of a series of celebrations, including the most sacred on the Hebrew calendar, the Day of Atonement, which occurs on the tenth day after New Year. It is also known as the Day of Memorial and Day of Judgment. As the Day of Memorial the Hebrews recall all their deeds of the year and seek forgiveness for all the sins that they have committed during that time. They also pray for renewed strength with which to battle the evils and temptations of this world. This day with them is, as it is with the gentiles, a day for the framing of new resolutions.

The services in the synagogue last night were very impressive and were attended by nearly all the Israelites in the city. There were also present some who are not Jews. Rabbi Louis Kopald, of the Hebrew College at Cincinnati, conducted the services and delivered a brief but interesting sermon. Among other things he called attention to the fact that throughout the world the descendants of Abraham were at the time gathered in their respective places of worship engaged in acts of devotion and thanksgiving to the God of their fathers for the blessings of heaven during the year now closing and invoking a continuation of the same during the year to come. Wherever, said the rabbi, the Jew's lot has been cast, whether in Morocco as a slave or amid the terrible scenes now being enacted in Russia, or in free America, at sunset he could be seen wending his way toward his synagogue.

Services were again held at 10 o'clock this morning.

### Disorderly Colored Women.

Chief Goods last night ordered the arrest of certain young colored women who infest saloons in the northeastern section of the city at night. According to the terms of the license granted to the proprietors of the resorts, they are not allowed to have separate rooms for females, nor are the latter allowed to loaf about the premises. The evidence of Officers Henderson, Jones and Bell, who had arrested thirteen of the delinquents, was that these females sleep all day and emerge from their houses about time the bats begin to fly. They go to the saloons for the purpose of meeting the male customers and stay around such places until they are put out at closing time — generally at midnight. The women, in all stages of drunkenness, afterwards make night hideous and often get to fighting. Justice Caton fined them $5 each.

### Lansburgh & Brother.

Lansburgh & Brother's mammoth dry goods house, 420 to 426 Seventh street, and 417 to 425 Eighth street, Washington D. C., is visited by many Alexandrians daily, and purchases made there are always eminently satisfactory. Attractive bargains are always to be found in this well-known and popular store. Today 40 pieces of 30-inch half-wool challies, all navy blue ground, with small, medium and large polka spots, nice for house gowns, kimonas and children's dresses, was being sold at 18 cents per yard. The above is but one of the many bargains displayed daily.

Mr. M. Pretzfelder, of this city, is now associated with Lansburg & Brothers, and he will be pleased to see his Alexandria friends at his new place of business. Mr. Pretzfelder has long been identified with the business interests of this city.

### Police Commissioners.

The monthly meeting of the Police Commissioners was held last night, when the police affairs of the city were talked over. Chief Goods was in conference with the commissioners in reference to the adoption of rules to be adopted by the

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Temple Howser, arrested by Officers Lyles and Jones charged with stealing $62 from Mantis Bros., was sent on to the grand jury.

Wm. Chiskalos, arrested by the same officers charged with stealing $300 from Mantis Bros., had his case continued.

Willie Parks, arrested by Officers Henderson and Beach charged with stealing $10 from G. M. Knight, was fined $20.

William Johnson, Martha Johnson and Bettie Holmes, all colored, arrested by Lieut. Smith and Officer Sherwood for disorderly conduct, were fined $5 each.

Gertrude Jones and Mary Jackson, both colored, arrested by Officer Henderson charged with fighting, were fined $5 each.

Thirteen colored women, arrested by Officers Henderson, Jones and Bell for disorderly conduct, were fined $5 each.

### "Italian Day"

Under the auspices of the United Italian Societies, "Italian Day" was observat Luna Park today. This will be the largest special day that has been celebrated during the entire season. The park was visited during the day by Capt. Francesco Roberto Mazzinghi, of the Italian cruiser Fieramosca, together with Admiral Cali and staff. The distinguished foreigners were the guests of Manager Gill during their visit, and he personally conducted them through the many amusement places along "The Trail." The festivities in connection with the day will be continued tonight.

The management of the Park will tender a benefit to the employes of the Washington, Alexandria and Mount Vernon Railway Company next Monday. On that day children will be admitted free to all of the amusements between the hours of 1:30 and 6 p. m.

### Promotion.

The many friends of Mr. J. T. O'Meara of this city will be pleased to learn that he has been promoted to general manager and buyer for the National Shoe Manufacturing and Repair Company, of Washington. Mr. O'Meara is a shoemaker of rare ability. He moved to this city from upper Fairfax county in 1891, when a boy. He also worked for the Paff Shoe Company for five years and six months, where he was a valuable employee, and later was general manager and buyer for the Alexandria Shoe Company for five years. He is strictly sober, industrious and courteous to all with whom he meets and his many friends wish him unbounded success in his new field of labor.

### Attacked by a Negro.

Last night while three young ladies of this city were walking on the east side of Washington street, near Cameron, a negro man suddenly emerged from an alley and grasped the arm of one of the party. The outcries of the trio brought several men to the spot, but the negro had in the meantime disappeared down the alley and made his escape in the darkness. A telephone message was sent from the Mt. Vernon livery stable to the station house and Officer Henderson promptly responded, but when he got to the place no trace of the man could be found.

### Fine Imposed.

The State Corporation Commission in Richmond yesterday imposed a fine of $100 on the Washington, Arlington and Falls Church Railroad Company for failure to file its schedule of rates and charges, as required by law. The company was cited to appear Monday, when R. Walton Moore, counsel for the defendant company, offered the schedules and made an apology for the neglect of the company to comply with the law. The fine was imposed for the negligence of the company.

### Investigation.

It is understood that an inquiry is to be made in Washington in reference to the death last week of Engineer Hugh S. Murphy, of this city, who was caught under his engine in that city and scalded to death. It is said that the police interfered with the railroad men in their efforts to rescue Mr. Murphy, and that they refused for a time to allow a "jack" to be placed under the engine to lift it so that the unfortunate man could be gotten from beneath it.

### Sent to Jail.

Six men were arrested in the Potomac railroad yards, north of this city, Tuesday night charged with stealing articles from cars. They were tried yesterday before Justice Burrell and fined from $2.50 to $10 each and all sentenced to serve 30 days in jail. The men gave their names as Henry Stuart, J. W. Jenkins, J. C. Hein, Howard Hein, W. O. Davis and M. D. Corburn.

### Woman Fined.

G. M. Knight, a soldier from Washington, went to the station house early last night and informed Lieutenant Smith that a young woman named Willie Parks had taken $35 from his pocket and had returned but $25. Officers Henderson and Beach arrested the woman and she was brought before Justice Caton this morning and fined $20.

### Committee Meeting.

The committee on streets organized last night by the re election of Mr. E. S. Leadbeater as chairman, and transacted some routine business. The committee accepted the bid of the Iroquois Iron Works for furnishing the city with a steam roller for $1,900.

When two strong men come to blows, even if they are well matched, it is not a pleasing sigh, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. ### "Cap" Hatfield Dying.

Captain Hatfield, West Virginia's most noted outlaw, who for years spread terror among the natives along the West Virginia-Kentucky border and especialy to the McCoy family, is dying at Wharncliff, Mingo county, W. Va., as the result of two bullet wounds inflicted by Dr. Ellis R. Hatfied, his youngest brother.

"Cap" and the young doctor had not been on the most friendly terms for a few weeks, but why no one may ever know. They met yesterday morning on the railroad track just below Wharncliff. "Cap," as usual, carried a Winchester rifle, while the younger Hatfield had a pistol.

The men began shooting when within forty yards of each other. The young doctor proved the better marksman, and put two bullets directly through the chest of his outlaw brother. "Cap," it is said, in his lifetime has killed more than a dozen men.

For two years he had been running a "blind tiger" near Wharncliff and was unmolested by revenue men, as all knew that to attempt to capture him meant practically sure death.

Dr. Hatfield has surrendered to the Mingo authorities. He is twenty-six years old and a graduate of the Louisville (Ky.) Medical College.

### Serious Railroad Accident.

The crowded Scotch express train on the Great Northern Railway, leaving London Tuesday night, was wrecked outside of Grantham at midnight last night. At 5 o'clock yesterday morning it was officially stated that ten persons had been killed and sixteen injured.

The train should have stopped at Grantham, but failed to do so. Shortly after passing the station, the train left the rails and jumped a bridge. The engine and several coaches were dashed over the embankment, the engine turning turtle. Several coaches immediately took fire, which was not extinguished until 5 o'clock yesterday morning.

There were many passengers beneath the debris, and of ten extricated alive five died soon afterward.

The dead and injured as yet have not been identified.

At the spot where the express was derailed there is a curve, and it is supposed the brakes failed to act.

The train appears to have gone upon a siding, smashing the parapet of the bridge, which was completely shattered.

A later report states that the engineer and fireman are dead, under the engine, and that the superintendent of the mail car is missing.

FINANCIAL

To lay aside a few dollars of your earnings every week and deposit them in our Savings Department, where they will earn interest, and on which you can draw in time of need. Money at home is not safe and when it is not earning interest you are losing money. You can open an account in our Savings Department with ONE DOLLAR and up, on which we pay 3 PER CENT interest and compound same into the principal twice a year. You can readily see under these conditions how quickly a small deposit will amount to a considerable sum. In naming executors for your estate you should consider the many advantages of securing the services of a strong and reliable trust company such as this—we act as Executor, Administrator, Trustee and in all other fiduciary capacities. When in need of a bond you should call on us—remember a man is under obligation to his family to not sign bonds. Corporate surety is what you want when in need of a bond—we execute Fidelity, Contract, Official and Judicial Bonds. We solicit the accounts of Banks, Corporations, Firms and Individuals. Loan money at market rate of interest. Consult with us—our advice may be worth something to you.
